GIJoeCon Figure Sets

Nocturnal Fire

G.I. JOE: Night Force is a covert unit specializing in nighttime surveillance and defensive operations. Each team member has been selected for their enhanced skills, sophisticated hardware and advanced technology to surprise and vanquish any enemy!

This fan favorite and highly requested team contains several of the classic Night Force members and some new additions available for the first time in the modern era 25A style.

Our special edition *Nocturnal Fire* squad includes: Charbroil, Hit & Run, Muskrat, Psyche-Out, Repeater and Spearhead with Max (NEW Bobcat).

The Cobra Demolitions Team is ready to take on any obstacle that gets in their path of destruction. Led by the mysterious Cobra Mortal, he employs Cobra Letal and the deadly saboteur Crimson Asp (NEW female character). Their specialized troopers include: Cobra Frag-Vipers x 3, Cobra S.A.W.-Vipers x 3.

Each of these great teams comes with their classic weapons, accessories, figure stands and file cards in this exciting fifteen figure boxed set.

Also, make sure you are there for package pick-up on Thursday night so that you won't miss this year's souvenirs! These convention exclusive souvenirs will feature uniquely themed action figures and vehicles that will surely put a "glow" in your convention experience! Plus, all these limited edition products will have a major role in the exclusive 2013 *GIJoeCon* comic book!

Secret Mission to Dragon Island

This will be one of Joe's most dangerous missions as he is going in solo. He will have to use his brains and charm to pull off this charade! The mission? Infiltrate Dragon Island, the clandestine headquarters of the infamous *Black Dragon* empire and home office of Terron Industries.

He is there to determine how far along Black Dragon's research has come with their goal of creating world dominating monsters. They want to be able to turn any living creature into a monster that will do their bidding.

The perfect opportunity has arisen as the billionaire recluse CEO of Terron Industries Sebastian Gorman, has invited socialites from around the world to his island as he is launching a new world hunger initiative. He claims that he can eliminate hunger through the use of a single pill (nutritionally complete) that can be inexpensively manufactured and distributed anywhere in the world.

The AT believes that this hunger eliminator is the mechanism Black Dragon plans to use to selectively distribute their monster creation formula to terrorize the world population.

Joe will parachute in from the team's stealth aircraft wearing his infiltration coveralls and his tuxedo so that he can blend into the party. After his "inspection", he plans to leave aboard the chartered ship that the invited guests/dignitaries used to arrive at the island.

What will he find at the party? This is no ordinary Spy Island mission and it cannot end with any explosions as it could release the formula into the ocean and atmosphere. Joe will have to use his brains, wit and stealth to make this mission successful!

Included in this 12" two figure set: Super Articulated *G.I. Joe*; Stealth Jumpsuit, Jump Helmet; Jump Goggles; Jump Boots; Parachute and Pack; Tuxedo Jacket, Tuxedo Pants; Dress Shirt; Bow Tie and Cumberbund; Dress Shoes; Disguise; Chemical Vial and Pistol.
